

FOR IMMEDIATE RELEASE

**Sullair Offers Guide to AirMetrix<sup>SM</sup> Products and Services**

(Michigan City, IN, September 7, 2005) – Sullair Corporation has released its comprehensive *Guide to AirMetrix<sup>SM</sup> Products and Services*. AirMetrix<sup>SM</sup> solutions help reduce energy costs and improve productivity by analyzing, managing, and controlling total compressed air systems.

The 24-page pocket-sized guide describes the seven AirMetrix<sup>SM</sup> solutions, and includes descriptions of Sullair's complete range of industrial air compressors, vacuum systems, and contaminant removal systems.

The Guide details Sullair's warranties, including the Emerald five-year compressor health warranty, and the 24KT<sup>TM</sup> ten-year Air-end warranty. Also included in the guide is an overview of Customer Care by SULLAIR<sup>TM</sup>, the parts, service, and training solution provided as part of the AirMetrix<sup>SM</sup> program.

For further information about Sullair's AirMetrix<sup>SM</sup> program or complete line of industrial compressed air system products, visit [www.sullair.com](http://www.sullair.com), or contact the company at (800) SULLAIR.

**ABOUT SULLAIR CORPORATION**

Sullair is one of the world's leading compressor manufacturers, and is the only air compressor manufacturer to concentrate exclusively on rotary screw technology. Sullair is a company of Hamilton Sundstrand, which is a division of the United Technologies Corporation. Sullair has been an industry leader and innovator since 1965. With subsidiaries in France, China, and Australia, Sullair is also a globally recognized manufacturer of compressed air contaminant removal equipment, vacuum systems, and contractors' air tools.
